

HOLDING OUT HOPE
TO THE NEXT GENERATION

Asian Hope
International
SCHOOL

A MINISTRY OF  Asian Hope

TOPTM Holistic Healthy Happy

At AHIS we offer a holistic education in which we develop the whole child - their socio-emotional, physical, spiritual, as well as their intellectual development is important to us. We want the children to be happy and healthy during their time at school and so teachers create many learning experiences that are fun and interesting. Our hope is that our children will continue to grow and learn throughout their lives in Cambodia and beyond.

THE
OPPORTUNITY
OUTSTANDING

Outside open door

Opportunity Outstanding

AHIS has an open door to all Cambodian families and love to see parents involved in their child's education. We maximize the space we have by taking the learning outside as often as we can. The children enjoy learning in a natural environment. We take every opportunity to develop our curriculum being creative in linking the English National Curriculum with the Cambodian National Curriculum through interesting themes to provide an outstanding educational experience.

FOI Play
Passionate
Potential
Purposeful

Our teachers are passionate about education and desire to enable each child to reach their potential. In the early years of the children's learning we advocate learning through play and teachers purposefully create opportunities for children to play developing communication and language skills, creative skills and imagination as well as their fine and gross motor skills.

Enjoyment. Excellence Enthusiasm English

As a bilingual school AHIS enables Cambodian children to learn English alongside Khmer so that they reach an excellent standard of fluency in each. Each day children come to school with enthusiasm and know that their day will be full of enjoyment as they learn together.

Asian Hope

PROTECT • EDUCATE • EMPOWER

Asian Hope International School is part of Asian Hope Cambodia which works to protect, educate and empower the children of Cambodia. Asian Hope International School is dedicated to provide a high quality, child centred education, in a safe and pleasant Christian environment, ensuring that every child feels worthy and appreciated.

Asian Hope International School is a bilingual school for Cambodian children and our classes will be taught in English and Khmer, helping the children to appreciate and retain their own culture, while being prepared to take their place in the global world.

Teaching will be done from a Christian worldview but always in a very open and unpressured atmosphere, recognizing that the children come from different religious backgrounds.

The vision of the school is to provide quality Christian education for Cambodian children. Using the the Cambodian and English National Curriculum in an integrated theme approach.

**Asian Hope**
PROTECT • EDUCATE • EMPOWER

Asian Hope exists to protect, educate and empower children in Cambodia through its many holistic programs. Asian Hope believes that education is the key to rising above extreme poverty, lack of resources and child trafficking. Through three formal schools, Village Development Programs and the Higher Education and Leadership Preparation Program, Asian Hope gives thousands of children and families the power to influence Cambodia for generations to come.
